## Policy on the Management of Communicable Diseases

---

If a child exhibits any of the following symptoms, he/she should not attend school. If such symptoms occur at school, the child will be removed from the classroom and you will be called to take him/her home.

- Severe pain or discomfort
- Acute diarrhea
- Episodes of acute vomiting
- Elevated oral temperature of 101.5 degrees Fahrenheit
- Sore throat or severe coughing
- Yellow eyes or jaundice skin
- Red eyes with discharge
- Infected, untreated skin patches
- Difficult or rapid breathing
- Skin rashes in conjunction with fever or behavior changes
- Skin lesions that are weeping or bleeding
- Mouth sores with drooling
- Stiff neck

Once the child is symptom-free, or has a health care provider's note stating that the child no longer poses a serious health risk to himself/herself or others, the child may return to the center unless contraindicated by local health department or Department of Health.

### **EXCLUDABLE COMMUNICABLE DISEASES**

A child or staff member who contracts an excludable communicable disease may not return to the center without a health care provider's note stating that the child presents no risk to himself/herself or others. These diseases include respiratory, gastrointestinal, and contact illnesses such as Impetigo, Lice, Scabies, and Shingles.

Note: If a child has chicken pox, a health care provider's note is not required for readmitting the child to the center. A note from the parent is required stating either that at least six days has elapsed since the onset of the rash, or that all sores have dried and crusted.

If a child is exposed to any excludable disease at the center, parents will be notified in writing.

### **COMMUNICABLE DISEASE REPORTING GUIDELINES**

Some excludable communicable diseases must be reported to the health department by the center. The Department of Health's Reporting Requirements for Communicable Diseases and Work-Related Conditions Quick Reference Guide, a complete list of reportable excludable communicable diseases, can be found at [http://www.nj.gov/health/cd/documents/reportable\\_disease\\_magnet.pdf](http://www.nj.gov/health/cd/documents/reportable_disease_magnet.pdf).

OOL/Policy on the Management of Communicable Diseases/April 2017

# Quick Reference

## Reporting Requirements for Communicable Diseases and Work-Related Conditions

(see New Jersey Administrative Code Title 8, Chapters 57 and 58)

**Communicable Disease Service  
Disease Reporting Requirements and  
Regulations can be viewed at:**  
<http://nj.gov/health/cd/reporting.shtml>

**Health care providers required to report:** physicians, advanced practice nurses, physician assistants, and certified nurse midwives.

**Administrators required to report:** persons having control or supervision over a health care facility, correctional facility, school, youth camp, child care center, preschool, or institution of higher education.

**Laboratory directors:** For specific reporting guidelines, see NJAC 8:57-1.7.

### CONFIRMED or SUSPECT CASES TELEPHONE **IMMEDIATELY** to the LOCAL HEALTH DEPARTMENT

- Anthrax
- Botulism
- Brucellosis
- Diphtheria
- Foodborne intoxications (including, but not limited to, ciguatera, paralytic shellfish poisoning, scombroid, or mushroom poisoning)
- *Haemophilus influenzae*, invasive disease
- Hantavirus pulmonary syndrome
- Hepatitis A, acute
- Influenza, novel strains only
- Measles
- Meningococcal invasive disease
- Outbreak or suspected outbreak of illness, including, but not limited to, foodborne, waterborne or nosocomial disease or a suspected act of bioterrorism
- Pertussis
- Plague
- Poliomyelitis
- Rabies (human illness)
- Rubella
- SARS-CoV disease (SARS)
- Smallpox
- Tularemia
- Viral hemorrhagic fevers (including, but not limited to, Ebola, Lassa, and Marburg viruses)

Cases should be reported to the **local health department** where the patient resides. If patient residence is unknown, report to your **own** local health department. Contact information is available at: [localhealth.nj.gov](http://localhealth.nj.gov).

If the individual does not live in New Jersey, report the case to the New Jersey Department of Health at: 609-826-5964.

In cases of **immediately reportable diseases** and other **emergencies** - if the local health department cannot be reached - the New Jersey Department of Health maintains an emergency after hours phone number: 609-392-2020.

### REPORTABLE **WITHIN 24 HOURS** OF DIAGNOSIS to the LOCAL HEALTH DEPARTMENT

- Amoebiasis
- Animal bites treated for rabies
- Arboviral diseases
- Babesiosis
- Campylobacteriosis
- Cholera
- Creutzfeldt-Jakob disease
- Cryptosporidiosis
- Cyclosporiasis
- Diarrheal disease (child in a day care center or a foodhandler)
- Ehrlichiosis
- *Escherichia coli*, shiga toxin producing strains (STEC) only
- Giardiasis
- Hansen's disease
- Hemolytic uremic syndrome, post-diarrheal
- Hepatitis B, including newly diagnosed acute, perinatal and chronic infections, and pregnant women who have tested positive for Hep B surface antigen
- Influenza-associated pediatric mortality
- Legionellosis
- Listeriosis
- Lyme disease
- Malaria
- Mumps
- Psittacosis
- Q fever
- Rocky Mountain spotted fever
- Rubella, congenital syndrome
- Salmonellosis
- Shigellosis
- *Staphylococcus aureus*, with intermediate-level resistance (VISA) or high-level-resistance (VRSA) to vancomycin only
- Streptococcal disease, invasive group A
- Streptococcal disease, invasive group B, neonatal
- Streptococcal toxic shock syndrome
- *Streptococcus pneumoniae*, invasive disease
- Tetanus
- Toxic shock syndrome (other than Streptococcal)
- Trichinellosis
- Typhoid fever
- Varicella (chickenpox)
- Vibriosis
- Viral encephalitis
- Yellow fever
- Yersiniosis

### REPORTABLE **DIRECTLY** to the **NEW JERSEY** DEPARTMENT OF HEALTH

**Hepatitis C**, acute and chronic, newly diagnosed cases only  
**Written report within 24 hours**

**HIV/AIDS**  
**609-984-5940 or 973-648-7500**  
**Written report within 24 hours**

- AIDS
- HIV infection
- Child exposed to HIV perinatally

**Sexually Transmitted Diseases**  
**609-826-4869**  
**Report within 24 hours**

- Chancroid
- Chlamydia, including neonatal conjunctivitis
- Gonorrhea
- Granuloma inguinale
- Lymphogranuloma venereum
- Syphilis, all stages and congenital

**Tuberculosis** (confirmed or suspect cases)  
**609-826-4878**  
**Written report within 24 hours**

**Occupational and Environmental  
Diseases, Injuries, and Poisonings**  
**609-826-4920**  
**Report within 30 days after  
diagnosis or treatment**

- Work-related asthma (possible, probable, and confirmed)
- Silicosis
- Asbestosis
- Pneumoconiosis, other and unspecified
- Extrinsic allergic alveolitis
- Lead, mercury, cadmium, arsenic toxicity in adults
- Work-related injury in children (< age 18)
- Work-related fatal injury
- Occupational dermatitis
- Poisoning caused by known or suspected occupational exposure
- Pesticide toxicity
- Work-related carpal tunnel syndrome
- Other occupational disease
